

Wallace Construction-

Thank you once again for doing another awesome job in our home, enabling Stacy to have even more independence. As before, you knew what needed to be done and handled the project professionally. Daryl, Liz and the entire crew, you are all very special people. Your talents + abilities, your kindness, compassion + caring make you the company you are. You are all a wonderful group of people, all very deserving of the awards you have won. It has been a pleasure to have had you in our home once again. You can be proud of the work you did in our home, I know we are. We have had a lot of compliments and do not hesitate to say "Wallace Const" did this for us". Again, we cannot say it enough. You are all awesome.

Thank You so much

You certainly
have mastered
the art
of thoughtfulness!

Lawrence, Julie
Stacy + Jude.
